ROMAN PONUROV

Product Manager, Moscow

astro090
ponurov.roman@yandex.ru

Summary:

- **6+ years in product management:** B2C, B2B, B2E and B2G; foodtech, telecom, fintech, charity
- **Launching products from scratch and taking businesses online:** 4 products from scratch, 2 of them as a co-founder
- **Leading teams of up to 50 people:** concept, budget, roadmap, backlog; introduced Agile and KPIs
- **AI products:** a credit analysis service with an AI agent at a bank; PhD research on AI in company management

EXPERIENCE

• **Gazprombank | Senior Product Manager** *Apr 2024 – present*
Corporate credit analysis service with an AI agent (B2E) for 1,000 bank employees
– **launched the service from scratch into production**: customer interviews, hypothesis testing, product concept
– built and defended the product budget; own the roadmap and backlog; manage the development team

• **Asia Retail | Head of E-commerce (product management scope)** *Apr 2023 – Apr 2024*
Asia Online — grocery delivery, web + mobile (B2C), ~600K users; starting point: 1.1 App Store rating
– **revenue +103% and orders +67%**: relaunched the app and website, online payments, Glovo, M-Bank
– **purchase conversion +17%**, churn −24%, order cancellations −15%, **share of orders from the app +130%**
– launched an order-picker app and call-centre ordering, optimised picking; assortment +2,000 SKUs
– **built the IT team from scratch**, introduced Agile, restructured the department and set up KPIs

• **MTS | Product Manager, MTS ID** *Oct 2021 – May 2023*
Seamless sign-in across the MTS ecosystem, web + mobile (B2B2C), ~10M users
– **integrated sign-in into 9 flagship products** and MTS Bank, and together with MTS Pay into 2 external products
– **seamless logins +23%**, seamless authorisations +7%; moved the product from a monolith to microservices
– ran customer interviews, defined product metrics, defended the budget, managed the development team

• **Concern GRANIT | Systems Analyst → Product Manager** *Aug 2019 – Oct 2021*
Process automation service for a government department (B2G), launched from scratch
– gathered requirements, modelled processes in BPMN, wrote specifications and mockups; led development

Earlier (2014–2019): engineer, sales engineer; business development manager — launched the company website.

OWN PROJECTS

- **Po Sosedstvu** (2022–2024) — co-founder: took an offline grocery store online; **B2B: orders +89%, average check +71%, revenue +58%**
- **bolz.dev** (Dubai, 2025) — co-founder, CPO: **MCP connector** for real-world AI agent actions, MVP
- **bolz.tech** (Dubai, 2023–2025) — co-founder, CPO: sharing services in one window (B2B2C); Moscow Innovation Cluster accelerator, Moscow Innovator 2025
- **Dobster** (2022–2023) — charity services platform: co-founder, from scratch to production

EDUCATION

RANEPA — PhD programme in management: *AI in company management* Moscow, 2024 – 2027
HSE University — MSc, Corporate Finance Moscow, 2018 – 2021
Moscow Power Engineering Institute (MPEI) — MSc, Electrical Engineering Moscow, 2008 – 2015

Research and teaching: 3 peer-reviewed articles and 3 international conference talks on AI in management (2025–2026); IT Management course for first-year university students (2026).
